

MySBSPay

Flexible Pay by Earnd Now Available Through MySBSPay

NHS SBS has partnered with Earnd to provide NHS employees access to a unique new financial tool through MySBSPay that eases financial burdens

As **the** payroll provider of choice for the NHS, we wanted to make flexible pay and the technology that powers it from Earnd available to our clients for the benefit of the NHS. Through MySBSPay, we are giving employees an easy, flexible and transparent way to access the income they have already earned, when they need it most – at no cost!

Drawdown of earned salary can be made available in the employee's bank account almost immediately after being requested through MySBSPay – potentially saving millions in agency fees annually.

This new functionality, as well as the suite of support and wellbeing offers already available to NHS employees through the App, demonstrates our value and standardisation of service to the NHS, delivering workforce efficiencies and helping organisations align with NHS targets and initiatives. It is **free to use** and carries **no associated costs or interest payments**.

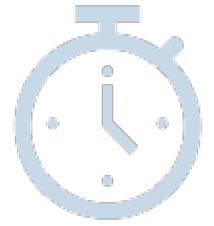

MySBSPay covers everything pay related by enabling NHS employees of organisations that use our payroll service to view, compare and download their payslips anytime and anywhere from their mobile phones. The App is free to download on the [Apple App Store](#) and through [Google Play](#) and comes as an extension of our payroll service to NHS organisations at no additional cost.

Helping the NHS to save money and enhance quality so that the NHS can improve health, innovate to save lives and deliver better outcomes with care and compassion.

Additional Financial Support

The NHS has a significant percentage of lower paid employees, who are highly susceptible to financial stress. Many nurses with the lower paid bands are critical and carry risk: HCAs, Trainee Nurse, Social Care Support, Radiographers, Midwives, Porters and others. Post health crisis, it is this group of NHS employees that may be the hardest hit financially.

NHS SBS Believes in Offering a Duty of Care to its Clients

By limiting the amount employees can draw down to - 30% of accrued take home pay - a further level of responsibility has been introduced on top of the feature carrying no costs or interest accrued. Additionally, employees will be prompted to save, providing a vital service that millions in the UK need.

Other New Features Introduced to MySBSPay

Rate the App

- Provides employees with the power to influence product roadmap decisions
- Encourages users to engage and leave feedback - what can be improved?

Download Payslip

- Provides PDF format of payslip
- Offers greater accessibility and flexibility
- Aligns with NHS digitalisation initiatives

Touch ID / Face ID / Fingerprint login

- Ensures distinctive security, privacy and data discretion and access control through personalised and individualised identification
- Results in faster, more secure log-in

New Device Log-on Alert

- Notifies users if a log-on attempt has been made on their account from another device
- Increases security

The feedback of our App users - real hardworking NHS employees - is very important to us. Leave feedback through the app to let us know how we can improve MySBSPay. Check the App regularly to find new discounts and see new functionality.
