

## Contract Information

# Technology Enabled Care Services 2

Reference: SBS10144

## Potential Saving Opportunities 12 – 15%

### When is it operational?

09th January 2023 – 08th July 2024 ( with possible extension up to 08th January 2027)

### Who can take advantage?

The Framework Agreement is free to access for all UK Public Sector Bodies.

### What does it cover?

To promote the use of technology enabled care solutions and improved provision of integrated care across health and care organisations. Utilising both SMEs and national providers, to deliver either a single service, bundled service or provide a fully managed service.

#### Key services covered:

- Implementation of fall prevention programmes
- Direct patient engagement managing and accessing their own medical records
- Supporting Local Authorities setting up Alarm Receiving Centres
- Maintaining the independence of patients and citizens through smart monitoring

### Why should I use it?

- **Efficient – FTS compliant Process**

- Reduced time and resource overhead for procurement

- **Specifically developed for the NHS & Social Care sector's requirements**

- Developed utilising input and expertise from NHS and Local Authority stakeholders.
- Predictable pricing models with a readymade contracting model in place
- Maintaining the independence of patients and citizens whilst reducing burdens on health and care providers

- **Two routes to market**

- Further Competition
- Direct Award through a published catalogue of goods and services

- **Fully Managed Service**

Option to award one supplier to perform all services offered within the scope of the Framework Agreement.

- **Competitive Pricing**

Capped pricing during the Framework Agreement period to support budgeting and calculation of benefits.
