About this agreement

The framework offers a comprehensive range of products that will prevent patients across all care settings from falling, give early warnings of an imminent fall or reduce the impact of a fall. The agreement provides a contractual vehicle for customers to purchase against.

The framework consists of two lots:

- Lot 1 – Products
- Lot 2 – Technology

Benefits of using this agreement

- **CLINICAL IMPROVEMENTS**

Management Information, Education and Training available through the framework

- **UNIQUE FRAMEWORK**

Framework uniquely focussed on reducing Patient Falls, in the hopes of improving Patient quality of life and identifying frailty.

- **DIRECT AWARD OR MINI COMPETITION**

Provides a compliant route to market as well as the flexibility to direct award to a single supplier or run a mini competition; avoids the need for a full OJEU tender process.

- **INNOVATIVE**

New product innovations from awarded suppliers can be added throughout the lifetime of the Agreement.

- **CONTRACT MANAGEMENT**

Supplier performance, customer satisfaction and spend against this contract are monitored on an ongoing basis by NHS SBS.
