

ORGANISATIONAL CHANGE AND PROJECT SUPPORT

Our Workforce Consultancy Service can provide assistance if your organisation is involved or affected by an upcoming MOCp (Mass Organisation Change Process), TUPE transfer, Technical Merge or Restructure.

Our team of professionals can either assist in part or project manage the whole process to ensure a seamless transition, including:

- Project managed between all parties involved
- Removes the risk of errors
- Post validation reports provided

NHS Shared Business Services offers a bespoke consultancy service to fit the right solution for your organisation.

Our service can be tailored to suit your project requirements. Typically, we will:

- Create new Workstructures
- End date all 'old' cost centres, organisations and locations
- Set the status of all 'old' positions to 'Eliminated' to ensure employees are no longer set up on un-used organisations
- Ensure all active assignments are moved to the new position and onto one common payroll
- Update payment methods for all active assignments
- Update the assignment costing information
