### What does it cover?

The purpose of this framework is to cover the supply of non-medical, non-clinical temporary and fixed term staff to the NHS and public bodies, across bands 0 to 10.

### Why should I use it?

- **OJEU Avoidance**

A detailed procurement exercise has been undertaken by the Crown Commercial Services to ensure that suppliers meet all legislative requirements and therefore no formal tendering is required, saving valuable time and money in the procurement process.

- **Quality and Compliance**

Quality management of the supply base through rolling program of supplier assurance, with a focus on improvement of supplier standards.

- **Capped Prices**

The agreement has been created to provide maximum capped prices from the national Crown Commercial Services Framework. Rates have been leveraged on the basis of volume to secure more competitive rates than if each organisation had procured the services individually, along with specific requirements agreed under the NHS SBS Service Level Agreement.

- **Fixed Rates**

All rates are fixed for the duration of the contract, are competitive, and aligned to Agenda for Change.
