

## Contract Information

# Diabetic Support and Podiatry Consumables

Reference: SBS/14/VB/RGH/8724

### When does it start?

Contract term

1<sup>st</sup> March 2016 until 29<sup>th</sup> February 2020. Option to extend for 2 years has been taken up.

### Who can take advantage?

Client market base

Acute and Community settings

**All NHS SBS Members and Associate Members**

### Why should I use it?

- **KEY BENEFIT 1**

Wide range of products and suppliers

- **KEY BENEFIT 2**

EU legislation Compliant route of purchase

- **KEY BENEFIT 3**

Cash saving opportunities

- **KEY BENEFIT 4**

A detailed procurement exercise has taken place to ensure that the suppliers selected are appropriate, in terms of meeting all legislative requirements

### Who developed it?

This is a new Framework Agreement designed to provide Diabetic Support products including insulin pumps, monitors and consumables. Podiatry products (packs and single products) which support the treatment of the high risk foot have also been included within this agreement to holistically support this disease area.

- **KEY BENEFIT 5**

A centralised agreement for direct purchase of Diabetes and Podiatry consumables with contract management and supplier communication provided

- **KEY BENEFIT 6**

Cash rebates and franchise commitment discounts on certain suppliers

- **KEY BENEFIT 7**

Volume-based/Commitment % discount structure for reduced pricing
