

Medical Gases in Cylinders and Bulk Gases

Reference: SBS/21/BH/DYV/10040

Potential saving opportunities x%

When does the framework agreement start?

1st October 2021 – 30th September 2024 with the option to extend for 12 months

Who can take advantage of the framework?

NHS and Public Sector organisations

What does the framework cover?

The agreement provides a competitive framework for clients of NHS SBS to purchase Cylinders containing a variety of medical gases. The facility exists to run mini-competitions for Bulk Gases and the provision and installation of the Vacuum Insulated Evaporator (VIE) and back-up facility, rental, depreciation and maintenance of the VIE and backup; in addition to the supply of liquid oxygen.

What are the benefits of using the framework?

NOTE:

OJEU AVOIDANCE

A compliant procurement exercise has been already undertaken to ensure that the framework suppliers meet all key standards and requirements, saving valuable time and resources.

DIRECT AWARD

Ability to directly award a contract to approved suppliers on the framework providing a timely and compliant route to market to meet your requirements.

MINI COMPETITION

Opportunity to run a mini competition to meet the bespoke requirements of each organisation as well as helping to drive further competitive pricing.

QUALITY OF SERVICE PROVISION

The experience and capability of suppliers has been robustly tested via the process to establish the framework agreement giving full confidence in the approved suppliers

CHOICE OF SUPPLIERS

A choice of key suppliers in the market.

GEOGRAPHIC COVERAGE

Suppliers are able to supply all regions and sub-regions of the UK

AGILE & INNOVATIVE FRAMEWORK

Suppliers will be able to bring forward new products throughout the life of the agreement.
