

Orthotic Products and Services (including Prosthetic Services)

Reference: 10247

When does the framework start?

9th October 2023 – 8th October 2027

Who can use the framework?

All NHS and public sector organisations across the United Kingdom

Overview

This framework agreement provides a compliant route to market for the procurement of Orthotic Products and Services (including Prosthetic services) to meet the current and future needs of the NHS and public sector organisations. The framework agreement has been awarded to a range of suppliers including well established market leaders and new entrants. The Framework agreement covers the following lots:

- **Lot 1: Orthotic Products** Upper body including neuro, limbs, cervical, and spinal. Lower body including lower extremity, knee, hip, limbs, ankle, and footwear. Standard stock and Bespoke products, adults and paediatric.
- **Lot 2: Orthotic Services** Managed services options including clinicians, clinical sessions, and administrative staff. Effective management of orders and stock. Transport, training, decontamination, and repairs.)
- **Lot 3: Prosthetic Services** Managed services options including clinicians, clinical sessions, and administrative staff. Effective management of orders and stock. Transport, training, decontamination, and repairs.)

Benefits of using the framework

INNOVATION IN MANUFACTURING via 3D printing, increases accuracy and reduces waste, promoting innovation and supports in achieving net zero.

INCREASED CAPACITY

Framework provides a wide range of services to support capacity such as clinicians, administrative staff, and ordering support.

Clinical sessions available with a wide range of options hourly, ½ day full day.
