## Who can take advantage?

The Framework Agreement is free to access for all UK Public Sector Bodies.

## What does it cover?

To provide a compliant route to market for the provision of Waste Management and Minimisation Services.

### Key services covered:

- **Clinical Healthcare Waste** – includes clinical waste, offensive (hygiene) waste, pharmaceutical waste, anatomical waste, sharps and laboratory wastes.
- **Reusable Sharps** - includes the provision of a managed solution for the implementation, supply, collection and cleaning of reusable sharps containers.
- **Sanitary and Washroom Services** - includes the collection and disposal of sanitary waste and installation and maintenance of sanitary bins.
- **Domestic Waste** - includes general non-confidential office waste, offensive healthcare waste, hazardous non-healthcare waste, ferrous and non-ferrous metals, WEEE waste, mattresses and miscellaneous waste.
- **Confidential Waste Destruction and Disposal** - includes all confidential waste and both on- and off-site shredding and lockable consoles, bins and sacks.
- **Total Waste Management (TWM)** - includes at least two of the above service areas. The agreed service may include between 2 and 4 of the individual service areas as a bundled service, or all 5 of the above service areas as a fully managed service.

## Why should I use it?

### • OJEU Avoidance

A detailed procurement exercise has taken place to ensure that suppliers selected meet all legislative requirements; therefore no formal tendering is required, saving valuable time and money in the procurement process.

### • Direct Award

The agreement gives freedom and flexibility for all Participating Authorities to choose the suppliers they wish within the remit of the Agreement.

### • Total Waste Management service

Option to award one supplier to manage multiple waste streams including offensive waste.

### • Regulatory Compliance

Solutions are compliant with all waste, health and safety, environmental and transport legislation including Environmental Permits and licences, and the Health Technical Memorandum 07-01: Safe Management of Healthcare Waste, reducing the risk of liability to the Trust.

### • Competitive Pricing

A range of pricing options and discount structures, settlements and rebates in relation to the resale and reuse of waste.

### • Environmental Impact

Addresses environmental impacts and encourages the segregation, minimisation, elimination and subsequent treatment, recovery, re-cycling, safe handling, transportation and appropriate treatment and disposal of both Clinical and Domestic waste streams.

### • Reusable sharps bin offering

Suppliers can provide a reusable sharps bin offering.
